## Senior Spotlight: Hailey Anderson

By Brayden Stockman

Hailey Anderson, the only daughter of Dave and Julie Anderson, is one of the graduating seniors this year. After graduating, she plans on attending Hawkeye Community College for Professional Photography. Hailey's birthday is June 30, 1999.

Hailey's favorite memory of high school was being on the first softball team in school history to go to state, and her biggest regret was not being as involved in different activities until my junior/senior year.

Hailey's most embarrassing injury was when she was riding her bike and tried to meditate while riding, and crashed into a bush. She says that she still has scars from this incident.

If she were stranded on an island, she would take Amelia Earhart, because she is her idol and would be great with directions.

She would like to thank both Mrs. Pohlmann for getting her involved in different arts activities and Ms. VanGorp for giving her an idea of where she should go with her life.

## Senior Spotlight: Olivia Krousie

By Carrie Jennings

Olivia Krousie, daughter of Jon and Kristin Krousie and sister to Clay, Ashlyn, and Teagan Krousie, is one of the graduating seniors this year. After graduation, she plans on attending Grinnell College. Her birthday is on June 5th of 2000.

Her all-time favorite memory from her high school career was going to and participating in State Cross Country with her

friend Elise Boulton. Her biggest regret, on the other hand, is not playing softball during high school.

The most ridiculous way that Krousie received an injury was when she hurt her foot and had to go the emergency room while playing tag.

She would like to thank coach and business teacher Kevin Gartman for being a great coach, teacher, and day-to-day leader.

## Senior Spotlight: Sam Yarbrough

By Brayden Stockman

Samantha Renee Yarbrough, daughter of Noreen Yarbrough and David Fox and sister to Stacy and Steven Yarbrough, Stephanie Edwards, James Thomas and Sarah Merchant, is one of this year's graduating seniors. After high school, she is still unsure on what college she wants to attend. Her birthday is March 26, 1999.

Her favorite memory of high school was going to PALS every year, and

her biggest regret was not studying harder for school.

Her most ridiculous injury was when she slammed her own hand in her car door.

If she were stranded on a desert island, she would take her dog Zeus even though he isn't a person, but he's still perfect.

She would like to thank Ms. Taylor and Mrs. Steele for helping her survive high school and pushing me to try harder in school.

## Senior Spotlight: Monty Crain II

By Chase Talbert

Monty Crain the 2nd was born on April 20, 2000 to Monty and Chris Crain, he was their first and last child. He plans to go to college at Central in Pella, Iowa for Psychology. His greatest memory from high school was, "Teaching another student an eggroll was not a mini burrito."

His greatest regret was one that not many would normally have, Monty wished that he would have written more songs during high school. He would like to thank Mr. Luke

Rohe for all the help he gave Monty while he was applying for scholarships.

During high school Monty was involved in speech and drama and shootingsports. The most ridiculous way he has received an injury was when he was shooting a pistol and the slide of the firearm came back and hit him in the face, giving him a scar on his lip. Monty could not decide on who he would take on a deserted island, I guess there were too many good choices.

telling more people to keep their idiotic comments to themselves.

Talbert was involved in cross country, track, golf, football, and speech and drama. The most ridiculous way that he has been injured was when he swam face first into the side of a pool.

He would like to thank all of his teachers and coaches for making him more intelligent and shaping him into a better person.

Makenna would like to thank her parents for always pushing her to do her best in everything she does. Makenna was involved in track, cross country, volleyball, basketball, and wrestling cheerleading.

The most embarrassing way she injured herself was when she fell down the stairs, broke her toe, and then had a cast up to her knee.

She would choose to be stranded on an island with Tim McGraw if she had the choice, "because he'd be able to sing to me, keep me calm during stressful times, and he's hot."

Her greatest high school memory was getting to be on the homecoming court with such a great group of people. Her greatest regret was, "caring too much about what other people think of me."
