Update from Mr. O'Rourke

Happy November!

As we enter the season of thanks, I wanted to share a few things that I am grateful for as we end quarter number one of the school year.

1. A staff who is willing to go the extra mile for students!
2. Students who work hard every day in the classroom, on the stage, or on the field!
3. A community who supports students in all the activities they choose. The #monteway is special and this community embodies this statement!

As always, reach out with any questions or concerns via email or phone!
